

MINISTER OF STATE
(INDEPENDENT CHARGE)
MINISTRY OF HOUSING AND
URBAN AFFAIRS
GOVERNMENT OF INDIA

MESSAGE

On assuming the office of the Minister of State (Independent Charge), Ministry of Housing and Urban Affairs, I convey my warm greetings and best wishes to the entire CPWD family.

The CPWD, an attached office of this Ministry, has been serving the Nation by creating an eco-friendly sustainable environment in a significant manner. It is a major player in the construction domain due to its large number of multidisciplinary technical professionals and pan-India presence. The organisation constantly strives to enhance the execution of public works both in terms of time and cost.

The CPWD should keep pace with technological advancements and create green, clean and sustainable assets by application of smart solutions, technological innovations, best eco-friendly practices and intelligent use of ICT. The CPWD must also further innovate to provide better maintenance to offices and residential spaces and endeavour to create a healthy working and clean living environment for users.

The initiative of the Hon'ble Prime Minister of India '*Sankalp Se Siddhi*' (attainment through resolve) for creation of a New India should resonate with all Indians. CPWD officers and staff must take a pledge and work to become the builders of New India.

I wish all success to CPWD in its effort in Nation Building. I am sure that in the days to come, CPWD will emerge as an even more modern and effective organization.
