RAVINDRA THATHU
Director General (Planning)

Dear Colleagues,

I am grateful to Ministry of Housing & Urban Affairs for giving me an opportunity to serve this elite technical organization on the newly created post of Director General (Planning) CPWD.

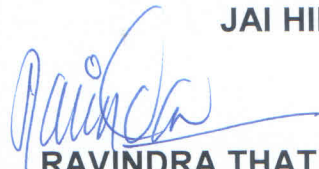

With the growing work loads, adaptation of Digital tools and use of modern construction technologies our country is treading fast in construction of Infrastructure.

Planning is the primary and most critically important step of growth in construction Infrastructure. There is no compromise in quality so far as Planning is concerned. Here the best plans are to be a realized for optimum & best results.

In this context I will appeal to all quarters to pay serious attention to planning of projects/works. There is immediate need for upgradation of both technologies and Skills. Both technical as well as "**Building Engineering Management**" Skills need to rebrushed and revived. Crash courses need to be undertaken is BEM thus ensuring timely delivery of works and thus avoiding unnecessary creation of Arbitration cases.

I wish all be best to my team and seek support both of my seniors as well as officers of CPWD in rejuvenating the Department in service to nation.

JAI HIND

RAVINDRA THATHU
Director General (Planning)
