Central Public Works Department, organizes a National Seminar on
"GREENERY AND LANDSCAPING"
in Vigyan Bhawan, New Delhi on April 5, 2019 to take forward its ongoing
green initiatives further.

It gives me immense pleasure to note that CPWD is organising a one day National Seminar on "Greenery and Landscaping" on 5th April, 2019 in New Delhi, as a part of its continued effort for green and clean sustainable development, which is essential for all of us as it has substantial impact on the environment.

I am given to understand that the Seminar will be broad based comprising of Civil, Electrical, Architecture and Horticulture aspects of green development including aesthetics and landscaping.

I hope that the seminar will give an opportunity to the participants to deliberate on various aspects of the green development in the country. Knowledge disseminated through presentations and discussions will benefit the participants and takeaways will help in furthering the objectives of green development.

I congratulate Shri Prabhkar Singh Director General, CPWD for the novel initiative and wish the Seminar all success.

(Durga Shanker Mishra)

The whole project has been divided into two packages

In Phase-I: Construction of 560 nos. Type-II, 1260 nos. Type-III and Type-IV 588 nos. (Total 2408 No.) including Single Basement, three level podium parking and social infrastructure buildings including all development works and services on EPC basis.

Consultancy services for comprehensive architectural & engineering planning and designing of redevelopment of GPRA colony Srinivasapuri, New Delhi was awarded first so that planning of whole project can be done in one go to harmonize the services of both the packages in a smooth way.

Work for Phase -I has been awarded to M/S Shapoorji Pallonji & Company Pvt. Ltd. for the tender amount ₹ 11,00,80,85,217 on EPC basis.

Site has been handed over to agency on “as and where is basis” for the execution of works.

Approvals: Local body approval has been taken as per revised plan. DUAC approval has been received.

Environment Clearance Proposal is in process. TOR has been granted & EIA report is being submitted. Meanwhile the Agency is working on the planning & designing of the project.
DETAILS

The total area of Srinivaspuri colony is spread in 73 acre.

Dwelling units: Existing dwelling units are: Type I - 648, Type II- 756 and Type III- 25. (1429 No.)

Social infra: The colony has many social infrastructure in functional condition such as Schools, Police Station, Post Office, Maternity Centre, Delhi Public Library, CGHS Dispensary, GrihKalyan Kendra, BSES Office, DJB Office and local Shopping Complexes etc. At present most of the buildings of these social infrastructures are not in good condition. Keeping in view the future requirements, social infra with these existing capacities will not be able to cater all the needs. So these infrastructures will be redeveloped with view of the enhancing the capacity as per future requirements.

AFTER REDEVELOPMENT:

Construction of 560 nos. Type-II, 1260 nos. Type-III and Type-IV 588 nos. (Phase-I) with all the amenities and modern outlook. Area of type –II unit is 62 Sqm (665 Sqft), and area of type –III unit is 73 Sqm (786 Sqft) and area of type –IV unit is 120 Sqm (1300 Sqft).

Total plinth area to be constructed 273000 Sqm residential, 27300 Sqm basement for parking and services, 71400 Sqm podium parking, 42700 Sqm social infrastructure buildings

Existing social infrastructure will not be disturbed & remain functional until the new social infra developed and made fully functional. So, social infra will be developed on priority basis.

Services: The services are planned in two phases complementing each other during operations after completion of Phase-II.

Phase-I shall be an independent housing complex and can be made operational after its completion hence not dependent on the completion of
